Dear SolarCity Customer:

I am writing to inform you that the Vermont Public Utility Commission has recently opened an investigation into SolarCity Corporation because of its alleged failure to submit the required registration forms for a number of solar net-metering systems. You have received this notice because the Commission believes that you may be one of the customers who is affected by this situation.

You are being provided notice of the investigation so that you may stay informed of the proceeding and so that you may participate in the proceeding if you so choose. Information about how to participate in PUC proceedings can be found online at <http://puc.vermont.gov/public-participation>. Information about the investigation will be available through the Commission's online document management system, ePUC. More information about ePUC, along with instructions about how to file documents with the Commission, may be accessed online at <http://epuc.vermont.gov/>.

Sincerely,

A handwritten signature in blue ink, appearing to read "Anthony Z. Roisman".
