Re: Correction to Vermont Public Utility Commission Supplemental Report on Electric Vehicles

Date: January 3, 2020

On December 10, 2019, the Vermont Public Utility Commission filed with the Vermont Legislature its report *Supplemental Electric Vehicle Report Submitted Pursuant to Section 35 of Act 59 of the 2019-2020 Vermont Legislative Session*.

It has recently come to the Commission's attention that there is an error in footnote 64 of the report. Footnote 64 contains the following source reference: *Report on Vermont Renewable Energy Programs – A Biennial Report to the Vermont General Assembly Prepared by the Department of Public Service*, March 1, 2019, at page 5. This reference is incorrect.

The correct reference should be to the *Vermont Comprehensive Energy Plan*, 2016 at page 5. The source document may be [viewed on the Department of Public Service](#) website.

Thank you for your assistance in this matter. Please let me know if you need anything additional.
