

**State of Vermont
Public Utility Commission**

MEMORANDUM

To: Parties in PUC Case No. 20-2346-NMP

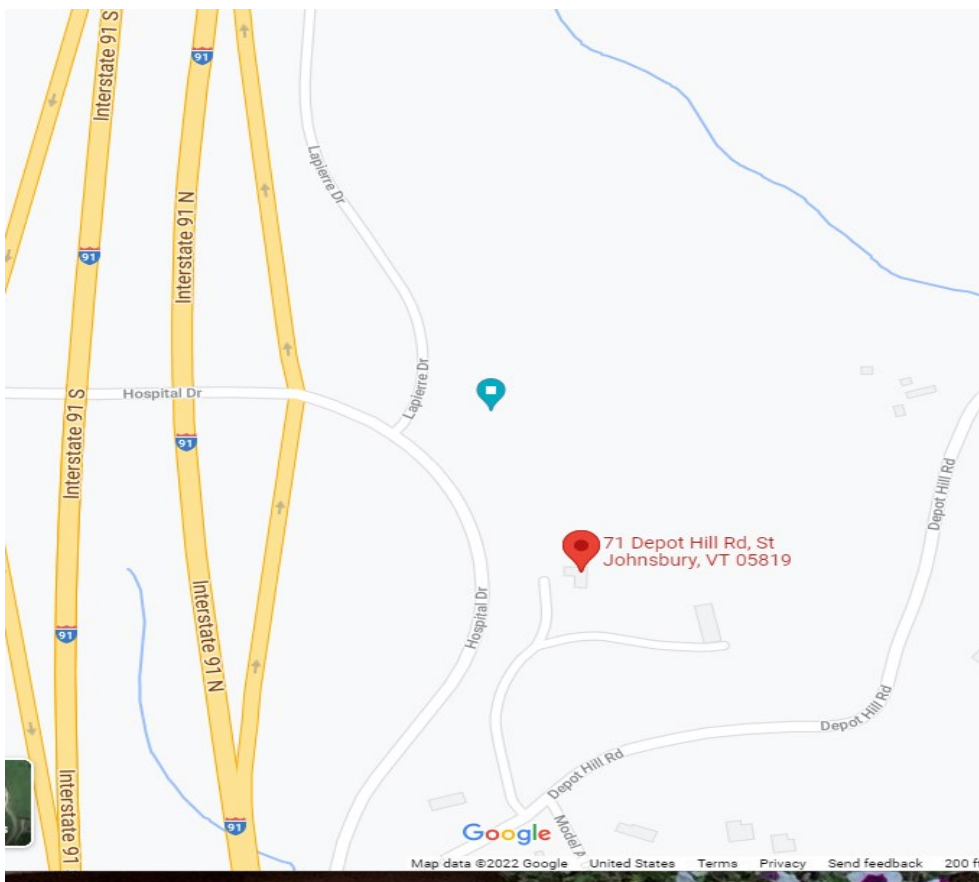

From: Holly R. Anderson, Clerk of the Commission *HRA*

Re: Site Visit

Date: February 11, 2022

This memorandum confirms that Vermont Public Utility Commission Hearing Officer Joan White, Utilities Analyst, will conduct a **Site Visit** in this proceeding on **Tuesday, February 15, 2022, at 11:00 A.M.** Parties are hereby requested to meet at the site, promptly at 11:00 A.M.

The property owner of the project site, as well as the daycare facility to the south, has requested attendees park at the daycare lot. She is concerned, depending on snow conditions, the shoulder of the access driveway may be soft or more narrow. See below red flag at 71 Depot Street, St. Johnsbury, VT (daycare), the green/blue flag is the location of the array:

Access to the daycare is from the north. The Depot Street access (from the south) is believed to be blocked off now for the winter. The daycare access from the north does not show up on Google Maps. It is on the site plan, **OFF Lapierre Drive**. So, off I-91, go to the beginning of Lapierre Drive and the new daycare driveway is the first drive on the right.

Alternately, if you enter "10 Lapierre Drive, St Johnsbury VT", Google maps drops a pin very close to the entrance they are directing to.

The Commission expects that all attendees at the site visit will make best efforts to maintain a six-foot distance from other attendees who are not members of their household. However, the Commission recognizes that given a particular site's physical characteristics, that may not always be possible to achieve. The Commission directs all attendees at the site visit to wear masks or cloth facial coverings during the site visit.

Attendees are reminded to dress appropriately for the changing weather conditions.

The Petitioner is directed to bring at least one large paper copy of the site plan to the site visit for the Hearing Officer and the parties to use for purposes of reference.
