**VERMONT PUBLIC UTILITY COMMISSION ANNOUNCES
FUEL DEALER ANNUAL REGISTRATION**

Montpelier, VT, January 17, 2024 – If your business sells fossil-based heating fuel—including oil, propane, natural gas, coal, and kerosene—into or in Vermont, you must register with the Vermont Public Utility Commission (“Commission”). Complete your registration form online at <https://puc.vermont.gov/clean-heat-standard/annual-registration>. Registrations are due by January 31, 2024, and are required by Act 18, which was enacted last year to design a potential Clean Heat Standard to address fossil-fuel emissions from Vermont’s heating sector.

The first 85 complete registrations will receive one (1) full admission pass to the April 3-4, 2024, Better Building by Design Conference: <https://www.encyvermont.com/trade-partners/bbd>.

For more information about the annual registration requirement, please see [30 V.S.A. § 8124\(b\)](#) and the Commission orders issued on [December 15, 2023](#), and [January 17, 2024](#). If you have questions, contact the Commission office by phone at (802) 828-2358 or by email at puc.clerk@vermont.gov.

The Commission will host an information session about how to use the online fillable form on January 23, 2024, from 2:00 PM-5:00 PM.
