

Clean Heat Standard Technical Advisory Group

Thursday, 22 August 2024, 9:30-12:30

Agenda (Draft)

Meeting Link: <https://cbi-org.zoom.us/j/89637405423>

9:30	<b>Welcome &amp; Review of agenda</b> <ul style="list-style-type: none"><li>Initiate recording</li></ul> <a href="#">Review and approval of 8/8/24 minutes</a>	Rick Weston, Chair
9:35	<b>Updates from the PUC</b>	Deirdre Morris, PUC
9:40	<b>Overview of emissions factors spreadsheets used in Potential Study</b>	Matthew Bakerpoole, DPS
10:00	<b>Lifecycle emissions approach</b> <ul style="list-style-type: none"><li>Review OD responses to TAG's and Bioenergy subgroup's questions</li></ul>	Catherine Morris, Facilitator
10:30	<b>Double Counting</b> <sup>1</sup> <ul style="list-style-type: none"><li>Review and provide input on memo</li></ul>	Chair
10:55	<b>Break</b>	
11:05	<b>CHS coordination with other energy programs</b> <sup>2, 3</sup> <ul style="list-style-type: none"><li>Review and input on subgroup memo</li></ul>	
11:30	<b>Recommendation for changes to implementation of CHS</b> <ul style="list-style-type: none"><li>Review and provide input to proposed language for TAG consideration</li></ul>	Matt Cota & Ken Jones
11:55	<b>EAG memo on frontloading LMI credits</b>	Ben Bolaski, DPS
12:05 pm	<b>Equity Advisory Group Report</b>	Emily Roscoe & Matt Cota, EAG liaisons

---

<sup>1</sup> Section 8128(9): "coordinating with the Agency of Natural Resources to ensure that greenhouse gas emissions reductions achieved in another sector through the implementation of the Clean Heat Standard are not double-counted in the Vermont Greenhouse Gas Emissions Inventory and Forecast"

<sup>2</sup> Section 8128(6): "facilitating the program's coordination with other energy programs;" (i.e. Energy Efficiency Utility Program, RES Tier III, low-income weatherization program)"

<sup>3</sup> Section 8127(k)(1): "All eligible clean heat measures that are delivered in Vermont beginning on January 1, 2023 shall be eligible for clean heat credits and may be retired and count towards an obligated party's emission reduction obligations, regardless of who creates or delivers them and regardless of whether their creation or delivery was required or funded in whole or in part by other federal or State policies and programs. This includes individual initiatives, emission reductions resulting from the State's energy efficiency programs, the low-income weatherization program, and the Renewable Energy Standard Tier 3 program. Clean heat measures delivered or installed pursuant to any local, State, or federal program or policy may count both towards goals or requirements of such programs and policies and be eligible clean heat measures that count towards the emission reduction obligations of this chapter."

12:15	<b>Public Comments</b>	
12:25	<b>Other Matters</b> <ul style="list-style-type: none"> <li>Agenda topics for next meeting – Thurs., Sept. 5th, 9:30 – 12:30</li> </ul>	Chair
12:30	<b>Close</b>
